

Positive Feedback

Dear Abbie,

It has been, and is, great to have you and Profile Relocation Service on OUR staff. It seems that we have been working with Profile almost since we went into business in 1984. Because our business is primarily with companies who are willing to relocate the right candidate to fill their needs your service has been invaluable. Both candidates and client companies readily recognize and appreciate the benefit and value of your service.

We appreciate all the support you have provided:

- Location tours including interviewing and selecting the right "local" relocation expert to assist candidates in learning about the potential new community.
- Location tours, including open houses.
- Cost of living comparison information between current and potential new community.
- Cost of housing comparisons. Most of all we appreciate the timely and professional feedback you provide at every step of the process.

We have always gotten positive feedback from our candidates and client companies who have worked with your on-site relocation experts.

On a personal note, Abbie, we will never forget the outstanding job you did in finding the right agent to assist our daughter in buying her first home. You don't know how lucky we felt.

We wish your continued success and look forward to continuing our strong and profitable relationship.
